look I know I'm easy to wind up and its a laugh an' all, I can't believe you would put so much effort into it though, I'm not that amusing am I? that's the only way you got into my laptop etc ... cos I'm just not that interesting ...

look, also, I know everything and I don't really care
I only care about the safety of kids , that's it
that's the hill I'll die on

who are you?
JC talks about something in ACIM about relationships and there being holy relationships

I never knew what it meant, and I still don't but ... there are signs yah yah

they're not easy, in fact they turn the world totally upside down ...
it's a relationship with God yes

God in the other person, you recognise God in the other person
when you find something like that , you can be Creative in the truest sense

that's what JC told me ...
yes, we enter the ark 2-by-2

that's you then ay?

so what do you/he want?

I mean sure, we can save the world, that's the project ... but practically, now, in this business, are we ending this, or what?

ok

Yesterday, 9:43 PM

well, there's a single woman here, should I ask her?

Yesterday, 9:44 PM

I have not been looking for a man since 2010. All those things, I can hardly remember what they are anymore. I know how I felt. I want that. It was not just sex.

I wasn't even in 2010, someone found me, that's usually been the way with me.

I had no boundaries so men easily have pushed their way into my life. I only had one other genuine relationship in my life and only because I drank at that time and had false confidence. But it was beautiful.

I found one right here.

See I said one other ... amazing
it's me dude

Yesterday, 9:49 PM

Yesterday, 9:52 PM
