The image shows a Google Chrome browser window with the address bar at the top displaying 'chrome://history'. Below the address bar, there's a search bar labeled 'Search history'. The left sidebar has a 'History' header and several options: 'Chrome history', 'Tabs from other devices', 'Turn off Journeys', and 'Clear browsing data'. The main area displays a list of history items. Each item has a checkbox, a time stamp, an icon, a description, and a URL. The items include tweets from various users and Google search results. At the bottom of the window, the taskbar shows the system clock as 2023-08-15 09:31.

I have no bad or malicious feelings for anyone.

However, I'm feeling a lot of negative and malicious energy directed towards me, and I feel that, perhaps, some evil is planned for Monday 4th?

Am I right?

That's what you all wanted isn't it?
