This is Ambra castle, taken some years ago. Before I magnified these, I thought they were of Chris. Now I'm not sure. She's standing like Cindy...

Over to you!

#WhoIsThis is a series on Twitter I'm doing where I post the pictures of the Women they're abusing, the pictures that they send me, that you have also now.

I asked Trish today (on WhatsApp) if someone was going to tell me what was going on.

This was her reply.

Sexploitation.

But I believe that's the very tip of the iceberg.

There are probably about 6, 7, 8 facts you could put there, and all of them mean we're going to win this. Finally. What a nightmare.
Unless, of course, you're happy with how things are for everyone targeted and their friends and families? Perhaps you can let me know somehow.

I'm sorry, but I have absolutely no idea what I did to upset you so much. If I have inadvertently wronged you, I sincerely apologise. I have only ever been concerned about your well-being, and hope that everything is turning out well for you at last.

I am dumbfounded and deeply hurt that you believe that I could ever be involved in such a horrible thing. I still don't understand what I am supposed to have done "to make it worse".

The more things change, the more they stay insane.

Anyone who knows a person's history of sexual abuse, suicidal ideation, attempted suicide, addiction etc etc (not just you of course) and the fails to warn that person that they are being targeted by porn gangs, people everyone knows is implicated in an attempt to destroy her... was everyone hoping I'd just run away and you could all live in your world of surveillance by sick men in peace, or what?

Off the cuff remarks you and others have made... that I remember currently... ie there may be more...

Careful, he'll put you in the movies.

Trish has been in porn.

Why does someone always have to die.

The constant attempts to gaslight me, to convince me I was imagining it. Unbelievable. Are u under instruction too?

And then, of course

Laughing exactly like they did when telling you how they threw dirty water over me from the conservatory window as I was walking out.

Deeply deeply unpleasant.

I'm happy to know who I can really trust.

The truth always comes out... and oh boy it's coming...

Oh and then, of course, Benijembla show and tell, and stopping inviting me to walks all of a sudden at the same time they started to spike me in class...

Lovely.

And just to be clear. I'm completely cured of depression since I fell in love with someone and they loved me back.
Completely cured. Since March 2023.

So there's that rather marvelous occurrence in all this, still.

So, if I die in suspicious circumstances, murder or made to look like suicide, or disappear, or end up in jail for something made up, everyone knows it's nothing to do with me. Everyone knows.

And sadly everyone would be implicated directly too.

So let's hope that doesn't happen ay.

You said you wanted to report the situation in Denia to the police and the authorities. However, you didn't have any concrete evidence or witnesses. Without evidence, no-one will believe you. I played devil's advocate to challenge your story in the same way that the authorities would.

I still have your thumb drive with (I think) Twitter / X stuff on it. I haven't looked at it.

a) What do you want me to do with the drive?

b) Why are you coming back into the lion's den?

Stay away, build a new life and get off social media for good.

PS I never, ever said Trish had been in porn. That is outrageous!

Oh yeah, and then there was that whole "trish is angry at me" BS, the local speciality ...
And I was thinking of course it was because you told her I'd said she'd aged so much.
But yeah, it's hardly surprising she has.
